EDGE

It is a history of people. During the past century, it was the resistance and discipline that led the foundations of the modern fashion industry we know today. The liberation of women from corseted undergarments, the creation of ready-to-wear clothing, knits, leotards, modern dresses, blouses, trousers, halter tops, modeling and even promotion of intellectual property rights, are each a direct result of the ingenuity, bravery and creative genius of individuals who were in their lifetime artists and social revolutionaries.
