When you don't dress like everyone else, you don't have  
to think like everyone else.

Fashion

*Fashion is not something that exists in dresses only. Fashion is in the sky, in the street,  
Fashion has to do with ideas, the way we live, what is happening.*

I wear my sort of clothes, to save me the trouble  
of deciding which clothes to wear.

I love green because it affirms, designs, and styles.  
A woman in a black dress is a pencil stroke.
