Printed silk sarees are a popular garment in India. Sourced by the rich and poor alike, Printed silk sarees that have linear, circular, geometric and other patterns on the pattern and quality of material are favoured by working women because they are light in weight and easy to wear. There are daily use patterns that are worn by women at home and in the office. More intricately detailed sarees in terms of designs and motifs are worn on special occasions.

Prakrit World

The Prakrit Since has its birth in both South and North India. The word 'sari' was taken from the Prakrit word 'sankh' as written in the most primitive Jain and Buddhist texts. The first known portrayal of the sari in Indian is the figure of an Indian valley priest wearing a drape.

Skill of Weaving

The Indian subcontinent is the abode for the Cotton Printed produce. The skill of weaving and dyeing of cotton was recognised in India some 5000 years ago. Every state has its own time-honoured cotton weaving practice. Every state of India has its own indigenous area of expertise in Printed fabric, each different in weaves, textures, motifs, printing techniques and colours.
