VOL-2

Inspired from the tales of Indian history, every attire pays tribute to our culture and old world influences. A fresh collection of peopled fabrics adorned with colorful lace, all infused with a touch of the real India that reflects the true beauty of our nation. Completely print houses that can be styled in manifold ways maintain the exclusivity of their prints and designs. Soft folds, easy to wear, form second garments with contemporary design lines over the body in interesting and different silhouettes, creating a look that's both powerful and whimsical.
