As a philosophy we have always strived for
elegance because our impulse is to represent a distinction
identity of our label has always been a reflection of
dignity of ethnic aesthetics.
The concepts are derived from contemporary techniques
of comfort yet much steeped into traditional traits.
In this regard, our garments have
maintained a very sophisticated methodology.
Silhouettes are free yet classic and
endure easy but abundant.

Our drapings are minimal and easy
As our clothes are a result of
nurtured team of creative designers,
you will find a fresh story with each outfit
and that is what makes the collection ageless.
