Reusable triple layered
cloth masks

Better Protection

Breathable cotton fabric

Reusable and sustainable

Comfortable fit

Easily Washable

Wide Face Coverage

ISO Certified

WHY SHOULD YOU WEAR A MASK?

WEAR A MASK TO SAVE YOURSELF AND THE WORLD!

The idea is to reduce the virus load that you take in or you send out. Most people infected by Covid-19 do not show active symptoms. Wearing a face mask will help prevent the spread of infection and prevent the individual from contracting any airborne infectious germs. When someone coughs, talks, sneezes they could release germs into the air that may infect others nearby. Face masks are part of an infection control strategy to eliminate cross-contamination.

MASK CARE

Wash your mask in clean warm (around 30°C) soapy water, making sure you rinse all components thoroughly before allowing them to dry naturally. Make sure you do not soak the mask.

FACE PROTECTIVES

An initiative to get non-medical grade mask into the hands of as many people as possible. **Reusable, washable, and designed for comfort**, our masks are constructed with supreme cotton fabric to keep you safe and healthy as we navigate the global crisis of COVID-19.

We remain fully committed to our mission of designing sustainable made to fit cotton masks to bring light into your lives and uplift you with moments of escape during this uncertain time. Having said that, our range of masks are not only fashionable, they are reusable too. And yes, they perfectly **serve the purpose of protecting you** from bacterial infections. The best part is, our masks give you function and fashion. So, browse through our range of **anti-pollution, antiviral masks** online and shop by design.
